Job Purpose/Summary

Postholders will work with clinical and managerial colleagues from across the Alliance to define, design and implement the agreed programme of work which is based on the national Cancer Alliance planning ask.

The postholder will support the strategic and operational development and delivery of coherent and effective pathway review, analysis and subsequent design and implementation of any identified change required across Wessex.

These roles will support the Alliance, the two Integrated Care Systems (Dorset, Hampshire and the Isle of Wight) and their constituent organisations, to deliver services that reflect both local need and capitalise on the opportunities that collaborative work practices provide, to support the delivery of high-quality, cost-effective care for all.

The post-holders will have responsibility for clinical leadership, advice and engagement and will deliver this using both their own expertise and other clinical colleagues across the network.

Key aspects of this role will be to: -

- To provide professional and clinical leadership to WCA
- To support clinical and operational colleagues in constituent organisations in relation to the activities of a given tumour site specific pathway
- To be a member of any relevant WCA project group or similar pertaining to this pathway
- To attend other forums as required to update or engage on this work, for example the WCA Clinical Reference Group

Key Job Specific Responsibilities

Improving quality and outcomes

- To be a clinical leader and champion for WCA in the tumour site pathway work.
- To foster a culture of multi-professional engagement in the improvement of care. This will include collaborating and engaging with multidisciplinary clinical colleagues to deliver ambitious programmes of quality improvement.
- To promote collaborative programmes of work that will deliver improved care for people.
- To maintain credibility with all key players within the network, fostering a culture of collaboration for the delivery of equitable, high-quality care. At times this will include acting as an 'honest broker' reconciling conflicting views and interests.
- To understand, communicate and support the implementation and interpretation of national policy where applicable.
- To promote a culture of innovation, developing strong partnerships within and beyond the Alliance.

Enabling clinical leadership

- To ensure that clinical leadership is central to the delivery of the work programme.
- To provide clinical leadership for the development and delivery of pathway review and improvement activities in all areas of the Wessex geography, recognising the need for localisation as well as Wessex and or System wide collaboration.
- To foster and promote a culture of clinical engagement and influence ensuring the network is clinically led.
- To support an approach with multidisciplinary involvement including medical, allied health professionals, clinical scientists and managers.

Enabling patient and public involvement

- To act as a champion for patients and their interests and support the appropriate involvement of the public and patients.

Promoting equality and reducing inequalities

- To uphold the promotion of equality.
- To ensure any pathway changes consider impact to equality with a robust approach ensuring no changes implement introduce new areas of inequity and where possible find opportunities to reduce existing inequalities.

- To create an inclusive environment where diversity is valued, everyone can contribute, and everyday actions ensure we meet our duty to uphold and promote equality.

Partnership and cross boundary working

- To effectively engage with clinical networks where synergies exist around the achievement of outcome ambitions and integrated care pathways.
- To engage and develop collaborations for quality improvement across the geography, for the realisation of equitable access to quality care and the achievement of outcome ambitions for patients.
- To work with other structures, including Academic Health Science Networks aligning innovation, education, informatics, and quality improvement.
- To work with national level bodies where appropriate, ensuring alignment of policy and service transformation for patients.

Leadership for transformational change

- To model a collaborative and influencing style of working, negotiating with others to achieve the best outcomes. Embedding this approach across the Alliance and related partners in delivery.
- To ensure compliance with all confidentiality and governance requirements.
- To adhere to relevant professional codes of conduct.

Key Accountabilities

The postholder will be accountable to the Medical Director, and thereafter to the board of Wessex Cancer Alliance and the Elective Care Oversight Group for Dorset and Planned Care Programme Board for HIOW ICB.

This job description and person specification are an outline of the tasks, responsibility and outcomes required of the role. The job holder will carry out any other duties that may reasonably be required by their line manager.

The job description and person specification may be reviewed on an ongoing basis in accordance with the changing needs of the Department and the Organisation.
